

AQUA PLATINUM  
SWIMMING POOL DESIGN & BUILD

SENIOR SWIMMING POOL ENGINEER

(LONDON)

**About the company**

Aqua Platinum Projects is one of the largest swimming pool companies in the UK offering a bespoke design and build service within the high-end luxury swimming pool market.

**About the job**

Due to continued growth, Aqua Platinum are looking to engage additional swimming pool engineers who are keen to grow with the company and enjoy the challenge of working on high-end pools and wet leisure areas for both residential and commercial clients, mainly in London and surrounding areas.

**Duties**

As a London based pool installer, you will be working as part of the on-site team, reporting directly to the Project Manager and office based management team.

Your duties will include:

- Carry out pool and plant room installation and repair
- Be able to work from a set of drawings and liaise with Site Manager and Projects team to ensure all materials are organised for installation within the project time-frame

**Requirements of the Swimming Pool Engineer:**

- Must have previous experience in pool and plant room installation
- Must have thorough understanding of all swimming pool equipment and plant including pumps, filters, pipe-work and water treatment units.
- Experience of cover installations and knowledge of environmental units would also be an advantage but not essential
- Qualifications in gas or electrical connections as well as ISPE would be an advantage but not essential.
- Full Driving License
- CSCS Card would be ideal

This role will involve travel to site mainly in central London but also possibly other sites throughout the UK.

Benefits

- Overtime available
- Company van
- phone
- Fuel card
- Tools and uniform
- pension
- 22 days paid holiday plus bank holidays

If you meet the requirements and feel that this Project Manager role is right for you then please apply today by sending your CV to: [karen@aquaplatinumprojects.co.uk](mailto:karen@aquaplatinumprojects.co.uk)
