

AQUA PLATINUM

THE LUXURY POOL & WELLNESS BRAND™

YOUR IDEAS, OUR INSPIRATION

We have built our reputation around our client and their needs, thereby building trust and forging lasting relationships.

Every pool and spa we create is a symphony of style and quality and each one as individual as its owner.

Time and time again we deliver an unparalleled experience.

This brochure is a reflection of our work.

DESIGNED AND CRAFTED BY
MASTERS OF WELLNES S

Our mission is to represent and innovate the foremost design and construction methods to deliver outstanding quality recognised on an international level thereby providing all employees with opportunities for growth and development, thriving in an environment where honesty, integrity and the success borne from dedication to extraordinary workmanship is continuously celebrated.

INDOOR POOLS

Every swimming pool we create is a piece of art tailored to our client's unique vision. We pride ourselves on turning your dreams into reality whilst providing practical solutions and expert technical advice. The design of your swimming pool should not only reflect your individuality but also your achievements in life.

AQUA PLATINUM PROJECTS

“Aqua Platinum provided our luxury home in Cap Ferrat, France, with great quality installations and attentive customer care. They offer the personally tailored and unique creations that our premium clients here at Veyron Bespoke Developments require.”

AQUA PLATINUM PROJECTS

OUTDOOR POOLS

*“Truly elegant design incorporates
top-notch functionality into a
simple, uncluttered form”*

DAVID LEWIS

BASEMENT POOLS

The essence of basement pool design is the realisation of the space beneath your feet. We are specialists in the design and construction of subterranean leisure facilities and aim to create stylish and functional additional living space within the footprint of any building. Creative use of this space allows us to incorporate swimming pools, spas, saunas, steam rooms, gymnasias, wine cellars, media rooms and many other inspiring concepts.

BASEMENT POOLS

“Aqua Platinum Projects brought a very fresh approach to the implementation of our design working with them was a great experience and the project was handed over on time to an extremely high standard. The results exceeded ours and the client’s expectations”

BASEMENT POOLS

“I looked at several companies to design and build the basement area of this property. APP’s unique approach and professionalism stood out from the crowd and the result is outstanding”

STAINLESS STEEL POOLS

“The ultimate tool for luxury pool design”

Marine grade 316 stainless steel is not only sympathetic to swimming pool environments but provides a spectacular finish to any pool or spa structure.

By adding a variety of features and experiences we can create the most eye-catching centrepiece of any private or commercial leisure complex.

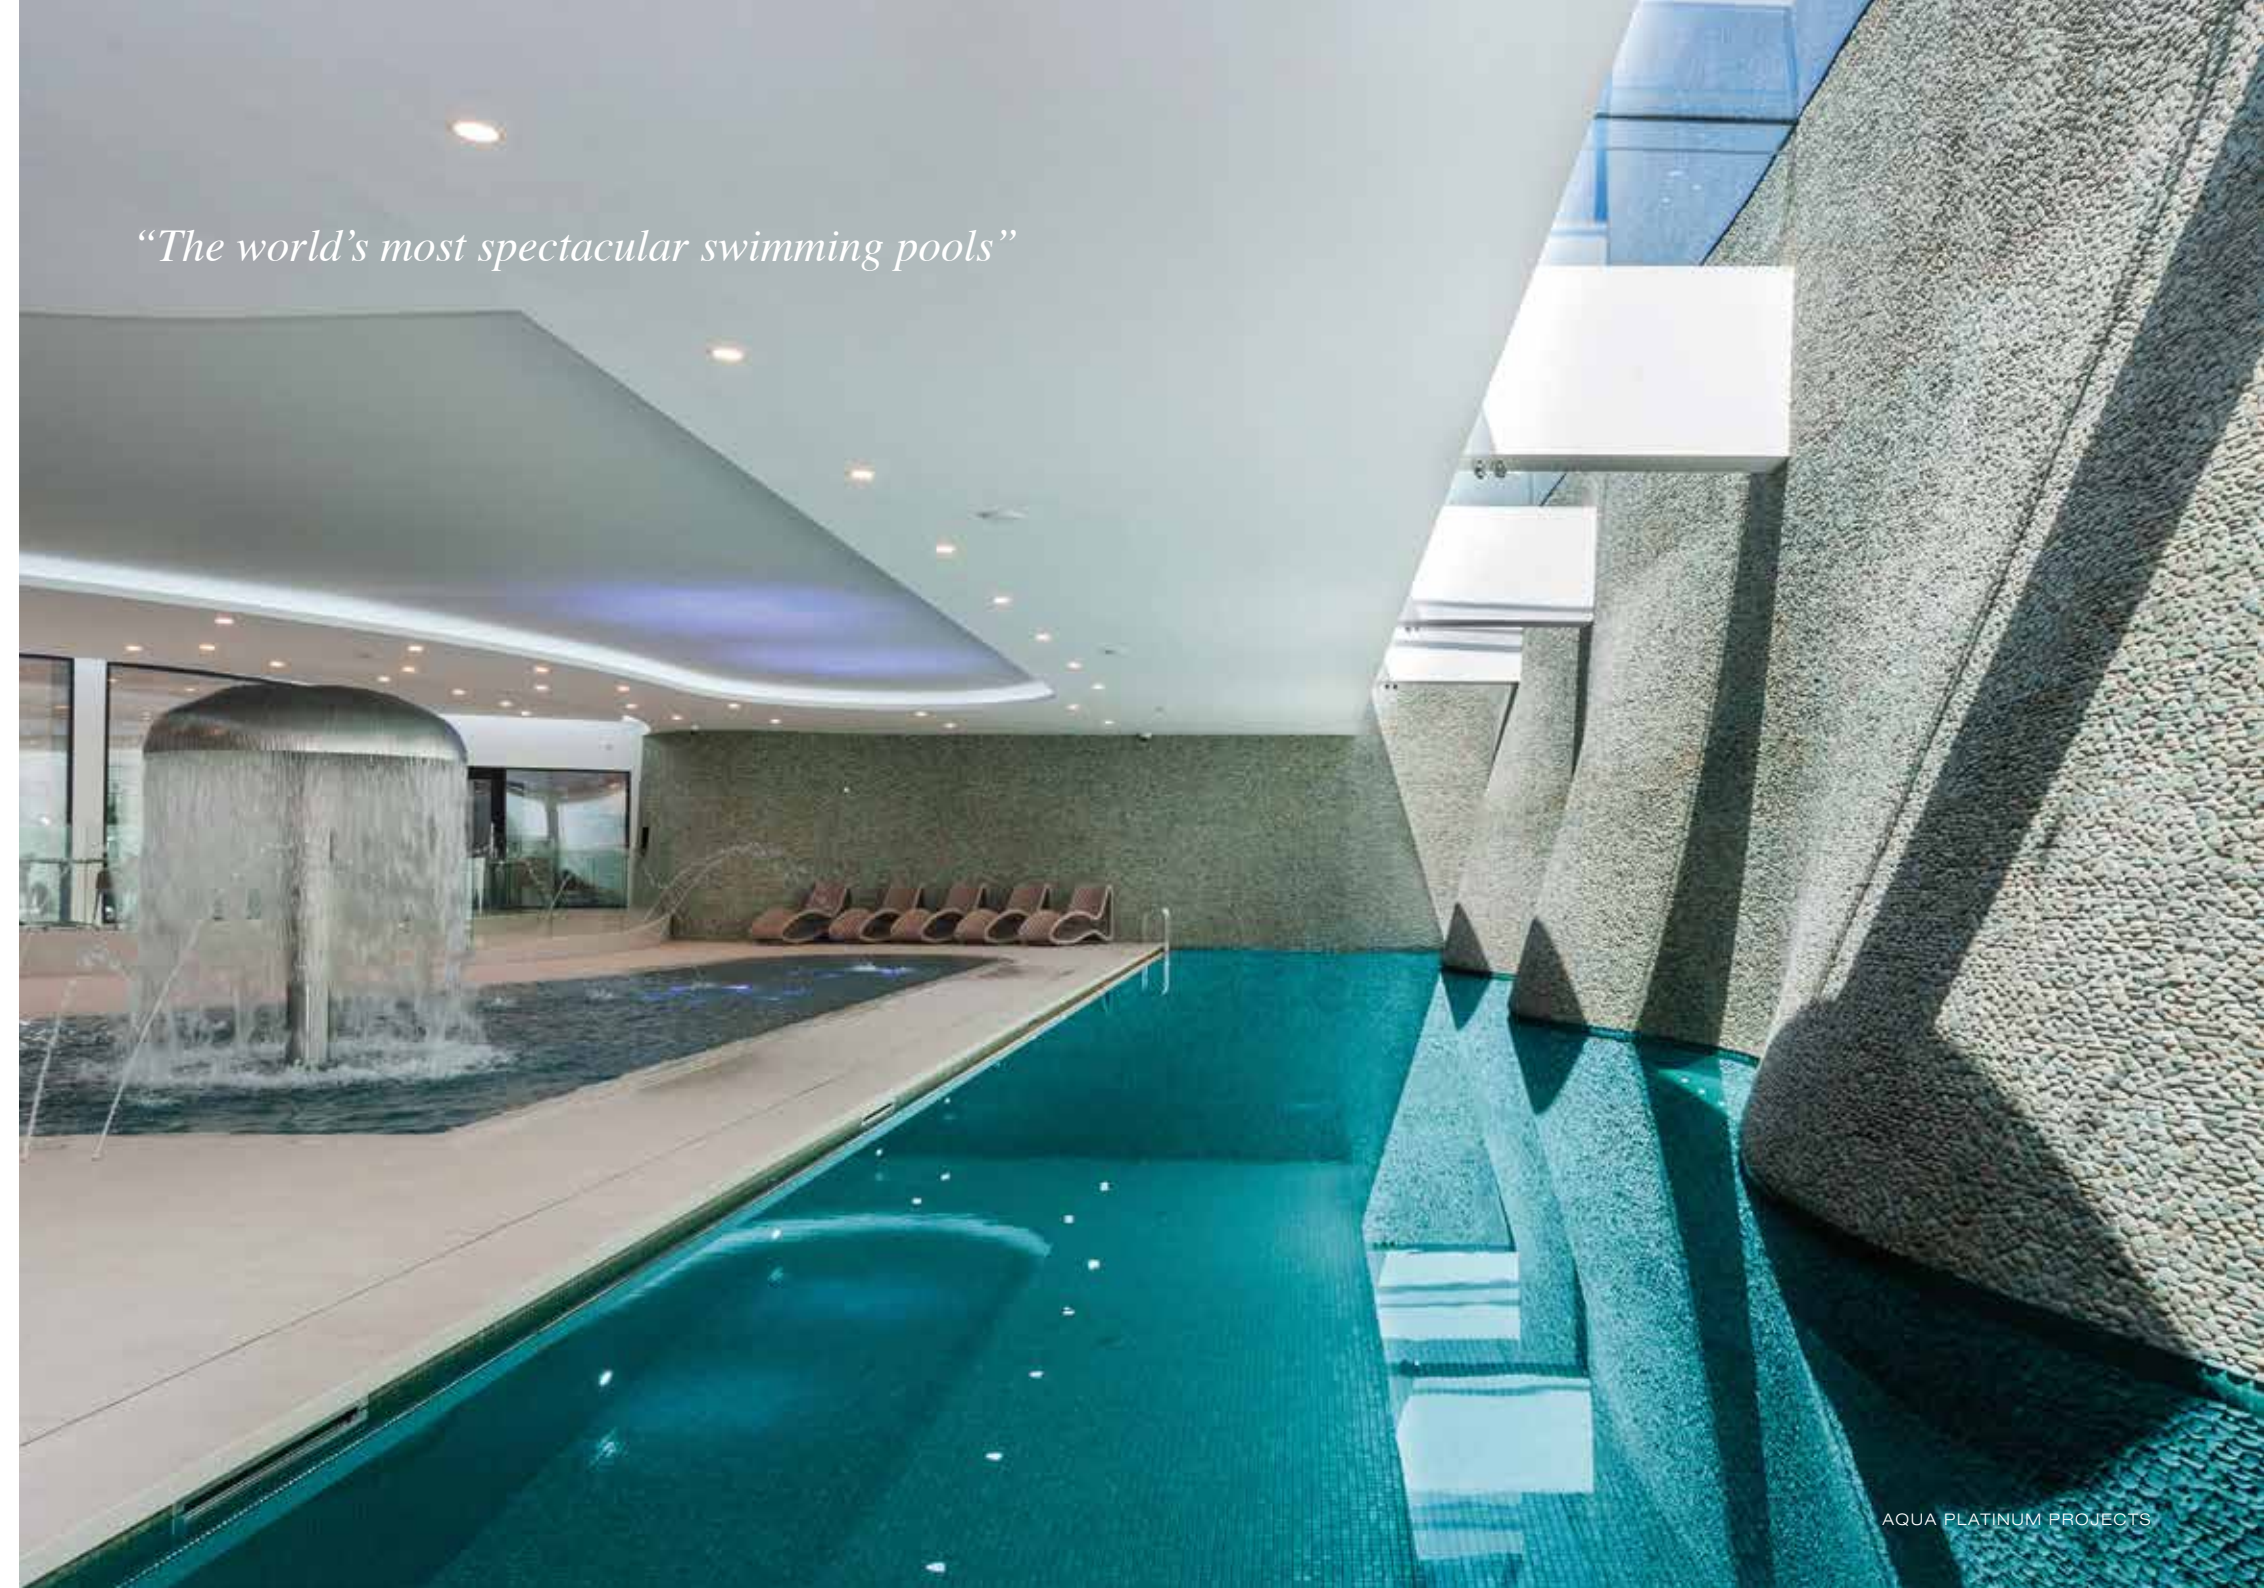

COMMERCIAL AND HOTEL POOLS

BESPOKE DESIGN AND CONSTRUCTION

As a commercial decision, the inclusion of a swimming pool in a hotel, residential development or leisure facility can open up a range of possibilities to provide a sound return on the initial investment. Aqua Platinum Projects have the expertise to design and construct beautiful pools that will not only enhance your business, but will also provide you with increased opportunities to develop a diverse range of new revenue streams.

“The world’s most spectacular swimming pools”

MOVABLE FLOORS

“Aqua Platinum delivered a superb project, from extensive structural work through to the final decorative touches. Constructing a swimming pool with a movable floor in an 18th century heritage building was a particular technical challenge. Aqua Platinum’s relationships with fine Italian makers of fittings and furnishings were an added bonus. The working relationship was a pleasure throughout, and we are delighted with the outcome.”

CHARLES AND RENATA JONSHER

SPAS

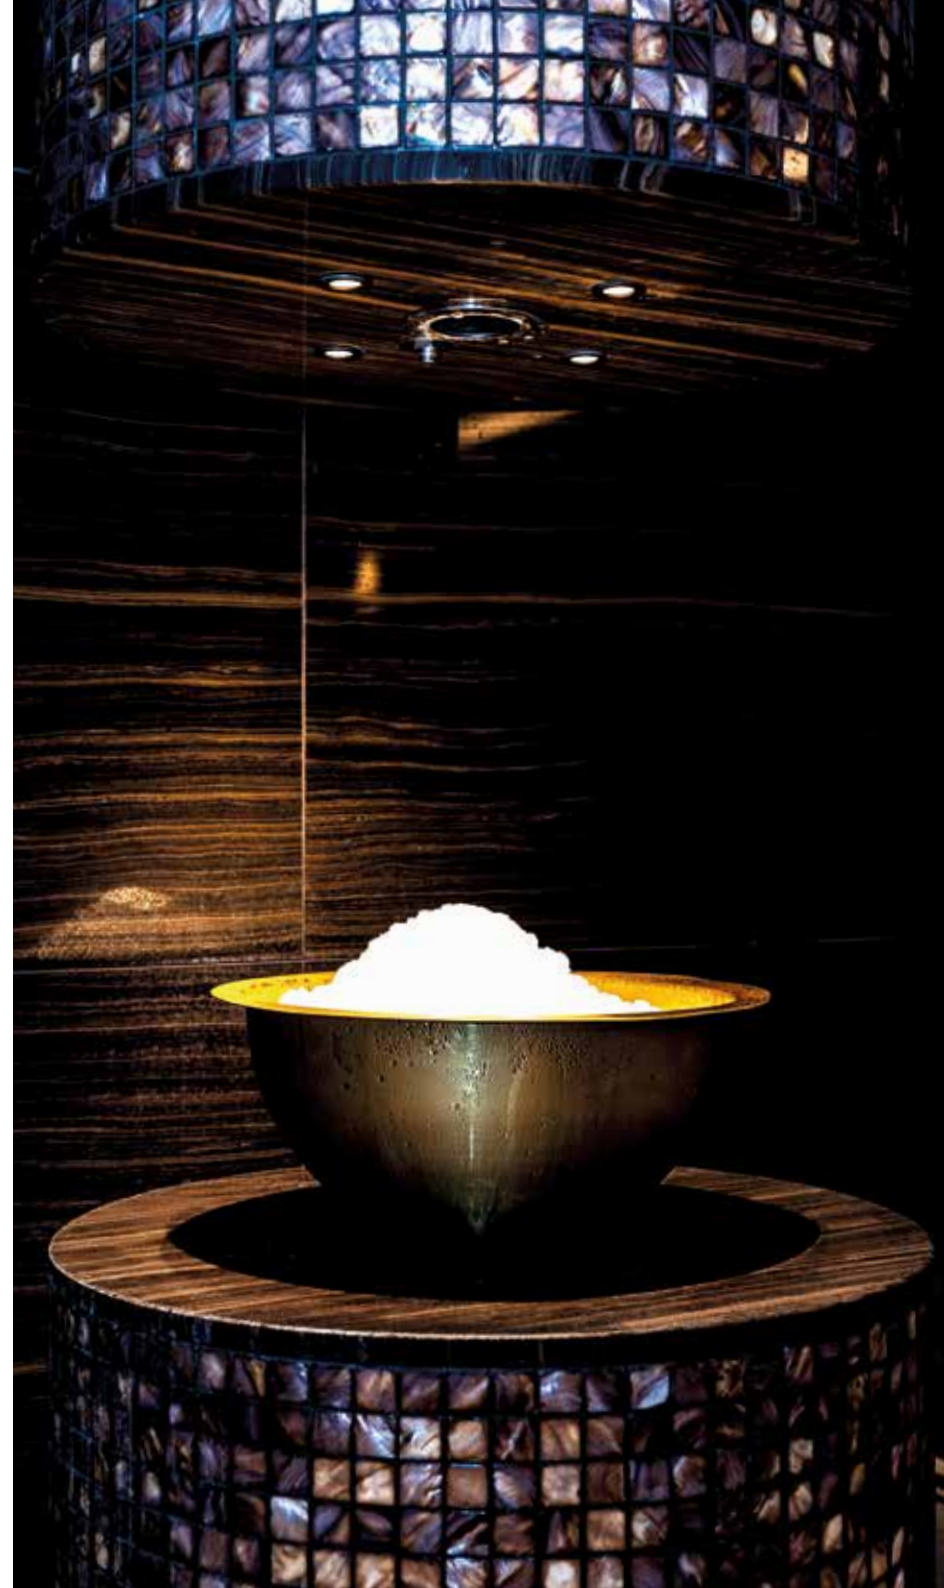

The unique culture of spa and wellbeing is helping you to take time out and rejuvenate. Spas are where time has no place, this is where one's mind, body and soul receives nurturing, solace and tranquility; this is one of the rare opportunities we get to experience the wonder of one's own moment in time.

WELLNESS, SAUNA AND STEAM

We design, supply and install sumptuous custom-made wellness schemes both for residential and commercial use. Creating your personal wellness experience is an opportunity to express yourself. By taking advantage of the many skill sets of our experienced team, together, we can create an item of extraordinary beauty and lasting quality, guaranteeing you years of pleasure and relaxation.

DESIGN CONSULTANCY

T.A.L.K. THE ARCHITECTURAL LIBRARY OF KNOWLEDGE

After many years of working within our industry it became apparent that there was always a need for a central swimming pool data resource for use by all design professionals. At the centre of Aqua Platinum Projects' design platform is a library of knowledge. This is easily accessible and allows architects to read and download generic documents dealing with a wide variety of specialist swimming pool design topics, which will assist with their design concepts.

“As architects we have found Aqua Platinum to be a very collaborative company to work with who have been invaluable in developing the designs for the pools (5 in total; 3 indoor and 2 outdoor). They are refreshingly professional and understand the design development process and the flexibility that this entails. The level of information provided to the client and the rest of the design team has been excellent and we have relied heavily on AP’s guidance and advice on the latest pool ideas, technology and related technical matters.”

MARK DUSTON FOR AND ON BEHALF OF
LILLY LEWARNE ARCHITECTS – HEADLAND HOTEL

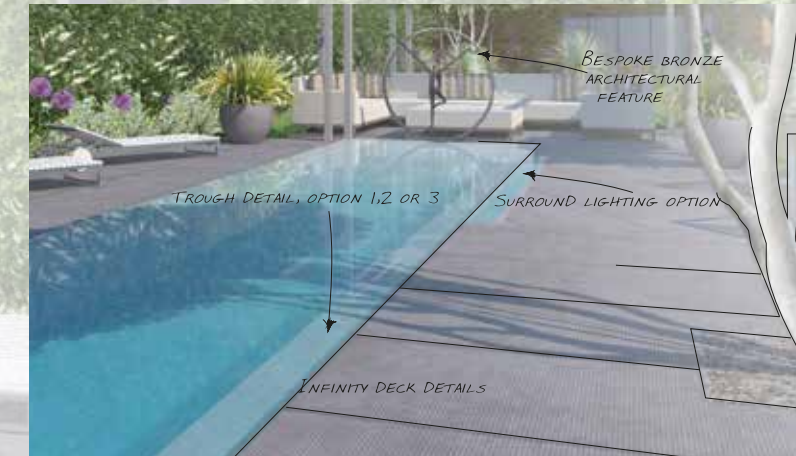

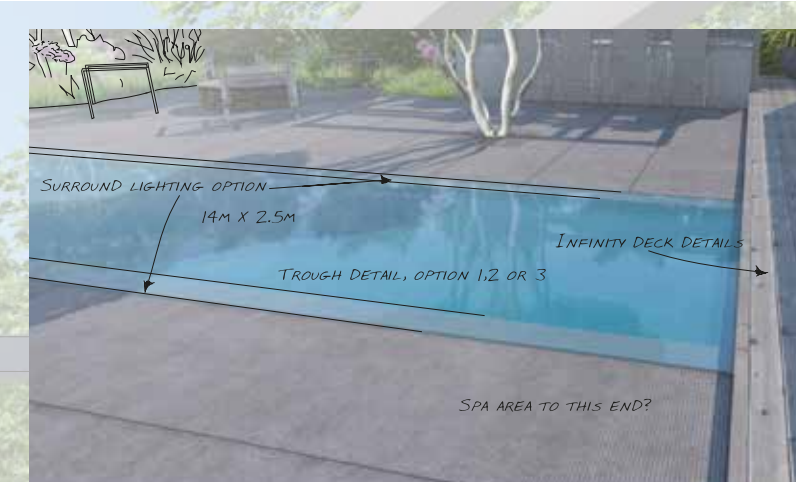

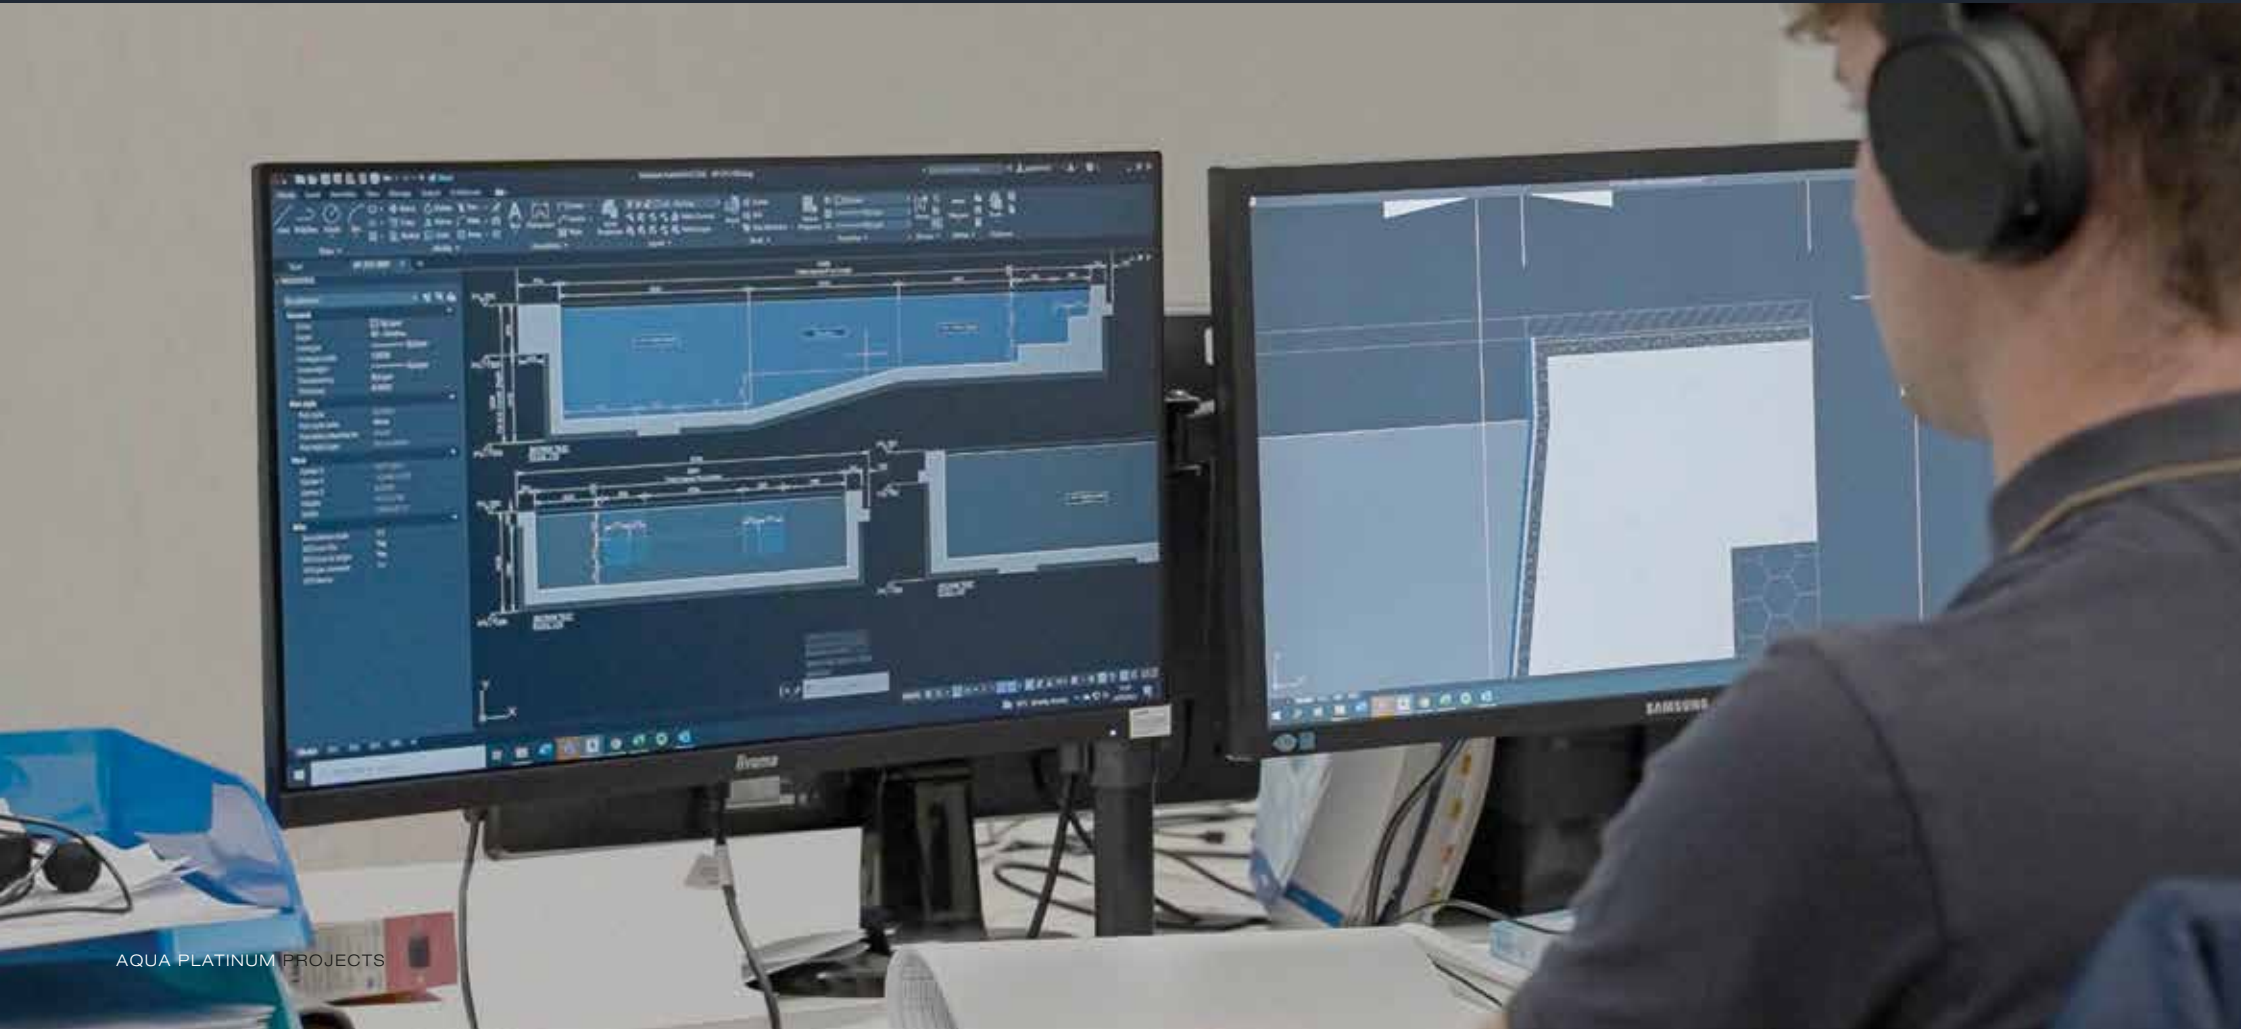

DESIGN CONSULTANCY

*“Design is everything.
Everything”*

PAUL RAND

We offer a full design consultancy service to clients, architects and developers. The creation of striking swimming pool and spa complexes is our business. We know from experience that the key to any successful project is the quality of the design development.

Our in-house professionals create bespoke drawings for each individual project with unrivalled attention to detail. The services we provide include consultancy, CAD design, computer-generated images, full performance specifications, design meeting and workshop attendance and much more.

CONSTRUCTION AND
PROJECT MANAGEMENT

As every scheme is unique, the project management package is tailored around the client's needs.

By attending regular site meetings and communicating with engineers, architects and contractors on site, our project managers will coordinate all aspects of every design and build.

We, at Aqua Platinum, firmly believe that excellent communication and customer service are the key to successful project management. Our highly qualified and experienced individuals will also ensure that total emphasis is placed on outstanding delivery every time.

*“Every project is tailored
around the client”*

SERVICING

APS have gained a remarkable reputation as an industry leader in the swimming pool maintenance and refurbishment sector, with a combined 30 years of industry experience. Our expert team offers a tailored approach to pool and leisure maintenance services specific to your requirements.

FINISHES

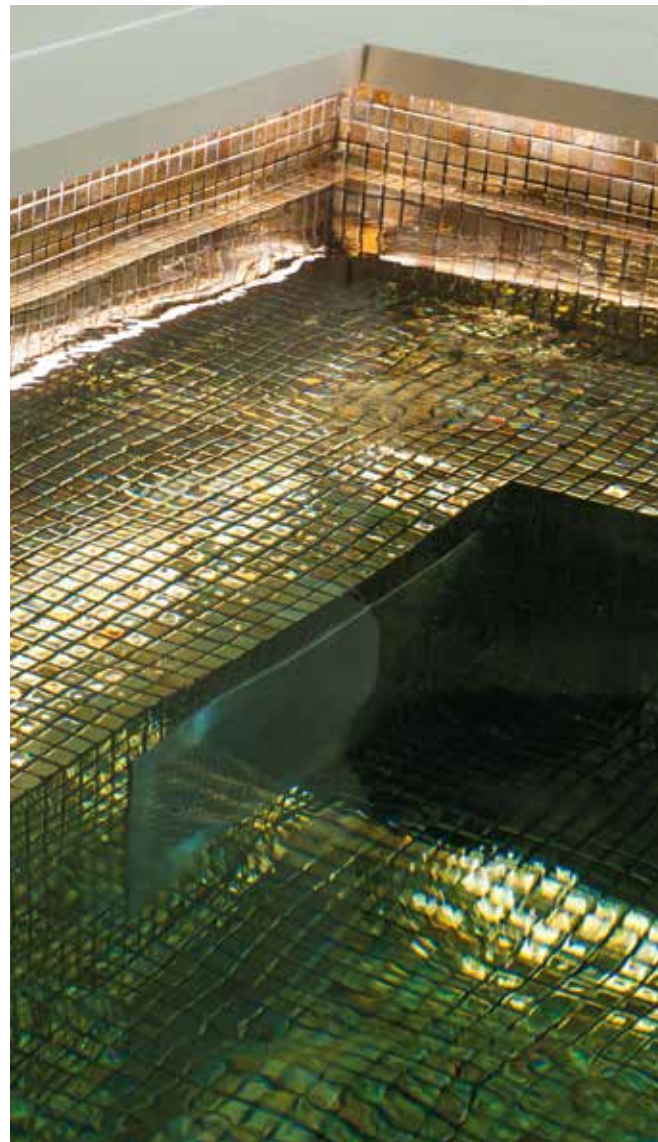

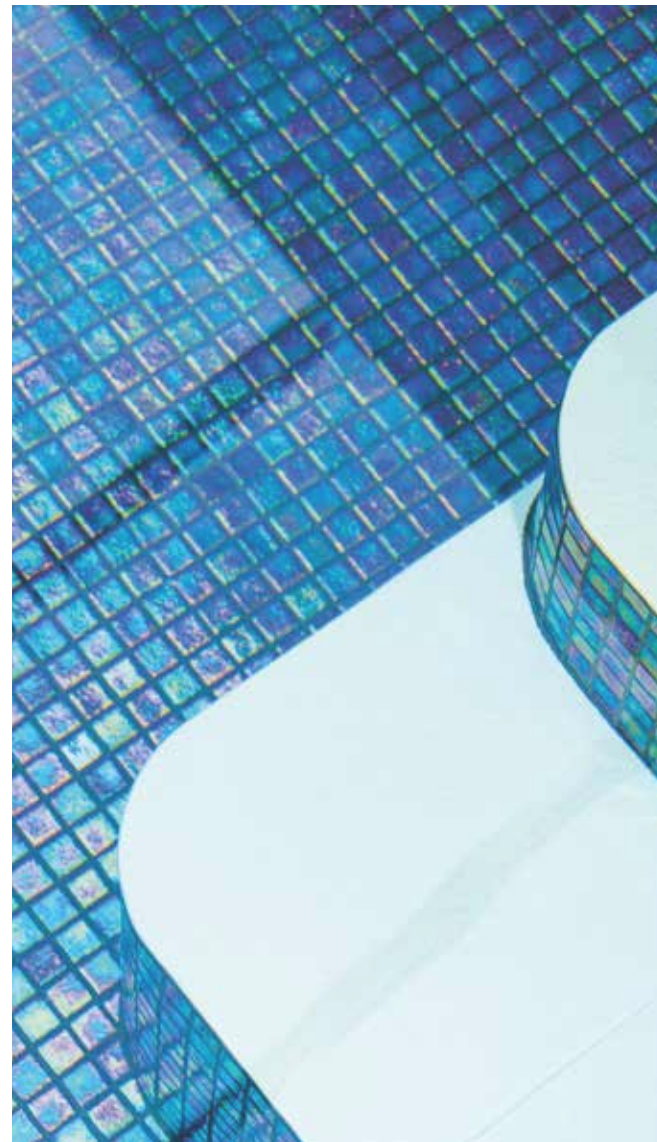

Design is of paramount importance but the finish is what you see. Aesthetics are everything.

You may opt for a combination of mosaics, ceramics, natural stone or even stainless steel.

Material choices are individual in every way and they should not only reflect your personality but must also remain in keeping with their environment.

Whether your pool design is classical, traditional or oozes modern and contemporary minimalism, the blend of materials specified is key to the most stunning results and optimum visual impact.
